

Automatic Billing Plan

You are automatically enrolled in our automatic billing plan when you select monthly payment plans. You can relax knowing that your future payments will be made automatically for you. When you book, the system will calculate an evenly divided automatic billing plan for you and you will know in advance the day of every month that your payment will be processed. Your initial deposit is due at the time of booking, and your future payments will be charged according to the schedule you see on your invoice.

Automatic billing is available at no charge. You can opt-out of automatic billing by sending an email to us after you make your reservations. Please send email to info@amarevacations.com

AUTOMATIC BILLING FAQs

What is automatic billing?

Automatic billing is used to pay the entire remaining balance of your reservation via automatic billing. This can be done with one credit card to cover the entire balance of your reservations.

What are the advantages of using automatic billing?

It's convenient and free. Payments are automatic and evenly divided. No chance of forgetting to pay, cancellation of your reservations or being assessed a late fee.

Will you be reminded by Amare Travel before you are charged?

Yes, an email should go out to you reminding you of your autopay charge.

How are you charged and which payment methods are available?

Both credit (or debit) cards and bank transfers are eligible for autopay. The automatic payment will be charged to the original method used when you turned on auto-pay.

When are you charged?

In addition to the first (deposit) charge, which occurs when you turn on auto-pay, you will automatically be charged on all payment due dates in the invoice or group booking page payment schedule. The payments will automatically occur at or around 6:00 AM Eastern Time on the due date.

Can I cancel autopay?

Yes. You have the option to cancel autopay at any time. Please ensure to send me an email at mailto: info@amarevacations.com with the subject "Cancel Autopay". You will then be sent an invoice where you will need to agree to the updated invoice.

To restart autopay, you will need to ensure that you have no unpaid monthly payments due.
